

ISOVER VARIO® MULTITAPE SL+

A single-sided flexible adhesive tape with split release strip for sealing penetrations where plastering over is not required.

**CONTRIBUTES
TO AIRTIGHTNESS
PERFORMANCE**

**CONTRIBUTES TO
ENERGY SAVINGS**

**EASY TO
TRANSPORT**

Contributes to the above system performances as set out below.

Features and Benefits*

- ✓ **Material:** Double-layer structure comprising special mesh reinforced PE sheeting, with a solventfree, modified acrylate adhesive.
- ✓ **Environmental Credentials:** Free of solvents, isocyanates, PVC, heavy metals and halogens.
- ✓ **Temperature Resistance:** From - 40°C to + 100°C.
- ✓ **Application Temperature:** From - 10°C upwards.
- ✓ **Suitable Substrates:** For the adhesion of PA, PE, PP, PU, aluminium and paper foils. Adheres to the following substrates: wood, wood fibre boards, hard plastics and metal. The substrate must be clean, dry, free of grease and dust. The surface may need to be primed with a primer in cases of residue remaining after cleaning. Refer to 3rd party primer manufacturer's instructions for guidance.

* When installed in accordance with our recommendations.

Standards and Certification

Quality	Quality Management Standard EN ISO 9001: 2015 for manufacturing.
CE	Manufactured in accordance with the CE marking requirements under the Construction Products Regulation.
Environment	ISO 14001:2015 (Environmental Management System) accredited manufacturing facility. This accreditation ensures that all products are manufactured to the stringent standards set out by this management system.
Indoor Air Quality	Vario Multitape SL+ has been certified for indoor air quality and holds the GEV Eimicode EC1 Plus.
